NEW SERIES, VOLUME 20

No. 6

WASHINGTON
GOVERNMENT PRINTING OFFICE
LIBRARY BRANCH
1923

THE Catalogue of Copyright Entries is published in four parts. Part 1, Group 2, issued monthly, contains mainly titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1 (issued several times a week), including also, however, preliminary reports of court decisions, local directories, herd books, and other annuals, etc. The entries are arranged alphabetically by authors, or, if anonymous, by title. An asterisk (*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different a separate statement is made at the end of the title, giving the proprietor and his address.

Group 2 also contains, in four separate alphabets, the titles of the entries made in Class "C," Lectures, sermons, addresses, prepared for oral delivery, which are arranged alphabetically by author; Class "D," Dramatic compositions, arranged alphabetically by title; Class "F," Maps, arranged alphabetically by the subject word of each title; Class "L," Motion-picture photoplays; and Class "M," Motion pictures other than photoplays, arranged alphabetically by title.

Under the act of March 4, 1909, in effect from July 1, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A," Class A, Books; "A—Foreign," Foreign books in foreign languages; "C," Class C, Lectures, sermons, addresses, prepared for oral delivery; "D," Class D, Dramatic compositions; "F," Class F, Maps; "L," Class L, Motion-picture photoplays; and "M," Class M, Motion pictures other than photoplays. "©" implies copyright registration of a published work, followed by date of publication; "© 1 c." stands for copyright of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy; and "2 c." for two copies, followed by date of their receipt. In the case of contributions to periodicals only one copy of the issue or issues containing such contribution is required. "A ad int." implies ad interim copyright registration under the act of March 4, 1909, as amended by the act of December 18, 1919, of a book published abroad in the English language, for which the deposit of only one copy is required.

A list of the books of which the subsisting copyright has been renewed and extended under section 24 of the act of March 4, 1909, will be found in Part 1, Group 1.

The annual index contains the names of all copyright proprietors, the names of authors of pamphlets, the titles of anonymous pamphlets, and the names of authors and titles of dramatic compositions, the titles of all motion pictures, and the subject words of all maps.

The annual subscription price for the Catalogue of Copyright Entries (received only for the calendar year) for Part 1, Groups 1 and 2, is \$1.00 for 1923, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

The act of March 4, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

NOTICE.

The Copyright Act of 1909 provides that of the articles deposited for copyright registration the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright under the provisions of section 60 of the Act.

NOTICE is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, in so far as any copyright articles deposited from July 1, 1914, to June 30, 1919, inclusive, are still remaining in the files of the Copyright Office and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1923.

This notice includes any *printed and published* copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscript or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address REGISTER OF COPYRIGHTS, *Library of Congress, Washington, D. C.*

No. 7

WASHINGTON
GOVERNMENT PRINTING OFFICE
LIBRARY BRANCH
1923

THE Catalogue of Copyright Entries is published in four parts. Part 1, Group 2, issued monthly, contains mainly titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1 (issued several times a week), including also, however, preliminary reports of court decisions, local directories, herd books, and other annuals, etc. The entries are arranged alphabetically by authors, or, if anonymous, by title. An asterisk (*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different a separate statement is made at the end of the title, giving the proprietor and his address.

Group 2 also contains, in four separate alphabets, the titles of the entries made in Class "C," Lectures, sermons, addresses, prepared for oral delivery, which are arranged alphabetically by author; Class "D," Dramatic compositions, arranged alphabetically by title; Class "F," Maps, arranged alphabetically by the subject word of each title; Class "L," Motion-picture photoplays, and Class "M," Motion pictures other than photoplays, arranged alphabetically by title.

Under the act of March 4, 1909, in effect from July 1, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A," Class A, Books; "A—Foreign," Foreign books in foreign languages; "C," Class C, Lectures, sermons, addresses, prepared for oral delivery; "D," Class D, Dramatic compositions; "F," Class F, Maps; "L," Class L, Motion-picture photoplays; and "M," Class M, Motion pictures other than photoplays. "©" implies copyright registration of a published work, followed by date of publication; "© 1 c." stands for copyright of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy; and "2 c." for two copies, followed by date of their receipt. In the case of contributions to periodicals only one copy of the issue or issues containing such contribution is required. "A ad int." implies ad interim copyright registration under the act of March 4, 1909, as amended by the act of December 18, 1919, of a book published abroad in the English language, for which the deposit of only one copy is required.

A list of the books of which the subsisting copyright has been renewed and extended under section 24 of the act of March 4, 1909, will be found in Part 1, Group 1.

The annual index contains the names of all copyright proprietors, the names of authors of pamphlets, the titles of anonymous pamphlets, the names of authors of dramatic compositions, and the subject words of all maps.

The annual subscription price for the Catalogue of Copyright Entries (received only for the calendar year) for Part 1, Groups 1 and 2, is \$1.00 for 1923, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

The act of March 4, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

NOTICE.

The Copyright Act of 1909 provides that of the articles deposited for copyright registration the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright under the provisions of section 60 of the Act.

NOTICE is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, in so far as any copyright articles deposited from July 1, 1914, to June 30, 1919, inclusive, are still remaining in the files of the Copyright Office and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1923.

This notice includes any *printed and published* copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscript or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address REGISTER OF COPYRIGHTS, *Library of Congress, Washington, D. C.*

No. 8

WASHINGTON
GOVERNMENT PRINTING OFFICE
LIBRARY BRANCH
1923

THE Catalogue of Copyright Entries is published in four parts. Part 1, Group 2, issued monthly, contains mainly titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1 (issued several times a week), including also, however, preliminary reports of court decisions, local directories, herd books, and other annuals, etc. The entries are arranged alphabetically by authors, or, if anonymous, by title. An asterisk (*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different a separate statement is made at the end of the title, giving the proprietor and his address.

Group 2 also contains, in four separate alphabets, the titles of the entries made in Class "C," Lectures, sermons, addresses, prepared for oral delivery, which are arranged alphabetically by author; Class "D," Dramatic compositions, arranged alphabetically by title; Class "F," Maps, arranged alphabetically by the subject word of each title; Class "L," Motion-picture photoplays, and Class "M," Motion pictures other than photoplays, arranged alphabetically by title.

Under the act of March 4, 1909, in effect from July 1, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A," Class A, Books; "A—Foreign," Foreign books in foreign languages; "C," Class C, Lectures, sermons, addresses, prepared for oral delivery; "D," Class D, Dramatic compositions; "F," Class F, Maps; "L," Class L, Motion-picture photoplays; and "M," Class M, Motion pictures other than photoplays. "©" implies copyright registration of a published work, followed by date of publication; "© 1 c." stands for copyright of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy; and "2 c." for two copies, followed by date of their receipt. In the case of contributions to periodicals only one copy of the issue or issues containing such contribution is required. "A ad int." implies ad interim copyright registration under the act of March 4, 1909, as amended by the act of December 18, 1919, of a book published abroad in the English language, for which the deposit of only one copy is required.

A list of the books of which the subsisting copyright has been renewed and extended under section 24 of the act of March 4, 1909, will be found in Part 1, Group 1.

The annual index contains the names of all copyright proprietors, the names of authors of pamphlets, the titles of anonymous pamphlets, the names of authors and titles of dramatic compositions, the titles of all motion pictures, and the subject words of all maps.

The annual subscription price for the Catalogue of Copyright Entries (received only for the calendar year) for Part 1, Groups 1 and 2, is \$1.00 for 1923, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

The act of March 4, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

NOTICE.

The Copyright Act of 1909 provides that of the articles deposited for copyright registration the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright under the provisions of section 60 of the Act.

NOTICE is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, in so far as any copyright articles deposited from July 1, 1914, to June 30, 1919, inclusive, are still remaining in the files of the Copyright Office and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1923.

This notice includes any *printed and published* copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscript or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address REGISTER OF COPYRIGHTS, *Library of Congress, Washington, D. C.*

COPYRIGHT—CANADA

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

A PROCLAMATION

Whereas it is provided by the Act of Congress approved March 4, 1909, entitled "An Act to amend and consolidate the acts respecting copyright", that the copyright secured by the act, except the benefits under section 1 (*e*) thereof as to which special conditions are imposed, shall extend to the work of an author or proprietor who is a citizen or subject of a foreign state or nation, only upon certain conditions set forth in section 8 of the said act, to wit:

(*a*) When an alien author or proprietor shall be domiciled within the United States at the time of the first publication of his work; or

(*b*) When the foreign state or nation of which such author or proprietor is a citizen or subject grants, either by treaty, convention, agreement, or law, to citizens of the United States the benefit of copyright on substantially the same basis as to its own citizens, or copyright protection substantially equal to the protection secured to such foreign author under this act or by treaty; or when such foreign state or nation is a party to an international agreement which provides for reciprocity in the granting of copyright, by the terms of which agreement the United States may, at its pleasure, become a party thereto;

And whereas it is provided by section 1 (*e*) of the said act of Congress, approved March 4, 1909, that the provisions of the act "so far as they secure copyright controlling the parts of instruments serving to reproduce mechanically the musical work, shall include only compositions published and copyrighted after this act goes into effect, and shall not include the works of a foreign author or composer unless the foreign state or nation of which such author or composer is a citizen or subject grants, either by treaty, convention, agreement or law, to citizens of the United States similar rights";

And whereas the President is authorized by the said section 8 to determine by proclamation made from time to time the existence of the reciprocal conditions aforesaid, as the purposes of the act may require;

And whereas satisfactory official assurances have been received that the Minister of Trade and Commerce of Canada issued, pursuant to section 4 (2) of the Canadian copyright act assented to June 4, 1921, a certificate dated December 26, 1923, to become operative on January 1, 1924, declaring that for the purposes of the rights conferred by the said act, the United States shall be treated as if it were a country to which the act extends.

Now, therefore, I, Calvin Coolidge, President of the United States of America, do declare and proclaim

That on and after January 1, 1924, the conditions specified in section 8 (b) and 1 (e) of the act of March 4, 1909, will exist and be fulfilled in respect to the citizens of Canada and that on and after that date citizens of Canada will be entitled to all the benefits of the act of March 4, 1909, including section 1 (e) thereof and the acts amendatory of the said act.

Provided that the enjoyment by any work of the rights and benefits conferred by the act of March 4, 1909, and the acts amendatory thereof, shall be conditional upon compliance with the requirements and formalities prescribed with respect to such works by the copyright laws of the United States.

And provided further that the provisions of section 1 (e) of the act of March 4, 1909, in so far as they secure copyright controlling the parts of instruments serving to reproduce mechanically musical works shall apply only to compositions published on or after January 1, 1924, and registered for copyright in the United States.

In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington this 27th day of December in the year of our Lord one thousand nine hundred and twenty-
[SEAL.] three, and of the Independence of the United States of America the one hundred and forty-eighth.

CALVIN COOLIDGE.

By the President:

CHARLES E. HUGHES,

Secretary of State.

CANADA

EXTENSION TO THE UNITED STATES OF AMERICA

I, Thomas Andrew Low, Minister of Trade and Commerce for the Dominion of Canada, do hereby certify pursuant to subsection 2 of section 4 of the copyright act, 1921, that the United States of America is a country which grants or has undertaken to grant either by treaty, convention, agreement or law, to citizens of Canada, the benefit of copyright on substantially the same basis as to its own citizens or copyright protection substantially equal to that conferred by the said act, and from the first day of January, 1924, the said country shall for the purpose of the rights conferred by the said act be treated as if it were a country to which the said act extends.
